

Sum Yin Chuang

Tech Founder, Trainer & Mentor

WP, Kuala Lumpur, Malaysia · <https://yinchuangsum.xyz> · [linkedin.com/in/yinchuangsum96](https://www.linkedin.com/in/yinchuangsum96) · hello@yinchuangsum.xyz

Physics graduate turned full-stack engineer and educator. I teach AI-assisted coding workshops that take complete beginners from zero to a deployed app in one day. I mentor university students and junior developers to scope, architect, and ship production-grade projects. I help vibe coders turn AI-generated prototypes into real products. Currently co-building Pigeonbook, Malaysia's first AI-powered accounting SaaS.

Work Experience

Pigeonbook
CTO

Present

- Co-building Malaysia's first AI-powered accounting SaaS for small businesses
- AI receipt extraction, LHDN e-invoicing, WhatsApp receipt upload, automated bookkeeping, business analytics
- Serving freelancers, agencies, and SMEs across Malaysia
- Designed for business owners with zero accounting knowledge

FUSE GROUP
Senior Software Engineer

Jul 2023 - Jul 2025

- Led full-stack development across the company's product platform
- Collaborated across teams to architect and ship scalable solutions

Training & Workshops

Practically Write Code Using AI

1-day workshop

- Learners build a full-stack to-do web app using React, Express, Supabase, and opencode
- Covers product design, database schema design, full-stack coding with AI assistance, and production deployment
- Designed for complete beginners — no prior coding experience required

Practically Create an AI Application

1-day workshop

- Learners build a RAG chatbot using React, Express, Supabase, and Mastra
- Covers LLM concepts, document embeddings, RAG pipelines, and deploying a working AI assistant to production
- Graduates ship a functional chatbot that answers questions over real documentation

Mentoring

- 1-on-1 mentoring for university students and junior developers — scoping, architecture, deployment, full stack
- Help vibe coders turn AI-generated prototypes into production-grade products

Education

Universiti Tunku Abdul Rahman (UTAR)
BSc Physics (Merit)
2015 - 2018

Core Skills
